## Our History

We are a family owned **South Australian** company which has been established since 1982.

We are proud to have been involved with the treatment of Salt Damp in many of South Australia's Heritage Buildings and Landmarks.

**More importantly, though, we are proud to have been involved with the restoration and treatment of Salt Damp in thousands of residential homes over the past 25 years.**

The effectiveness of Salt Damp Treatment varies greatly and is dependent on using the right treatment for your type of wall. We offer a variety of treatments and our Estimators and Technicians are able to suggest the best treatment for your situation.
